Northwest Christian School is a private Christian school with a mission to provide an educational program which upholds high standards of scholastic and behavioral excellence and furnishes instruction in Bible-based Christian faith. It is Northwest Christian School’s greatest honor to enable students to develop a Christian world view and prepare them to fulfill their God-ordained roles.

**STRENGTH OF STAFF:** “With a deep and enduring commitment to God’s word and Christian world view, Northwest Christian’s staff and faculty are all highly professional and very compassionate. Our students truly feel valued as they see their teachers investing within each of them uniquely.”

**IMPACT OF 2019 TRENDS:** “I earnestly believe that the more our state can invest in school choice, the better we will all perform. School choice drives competition, which results in families being able to discern and choose which schools are a best match for the unique needs of their children. In Arizona, we have thriving district and charter schools, wonderful options for home schooling, and a very diverse private education community. So many choices can make it challenging for individual schools — but it’s that challenge that serves as the fuel to the engine of continuous improvement for all schools.”
